

Nebo Internship Placement Locations

-Connecting the Community and the Classroom-

Students may be eligible for an internship their junior and senior year if they have good grades, good attendance, and have taken or are currently enrolled in a CTE related class.

The online course, Workplace Skills, is a required component of the internship and must be completed in order for the student to receive credit.

Internships give students the opportunity to explore careers they are interested in, learn a variety of skills under the guidance of adult mentors, work in teams, meet employers' expectations and create professional relationships.

To apply for an internship, download the [Internship application](#) then open with Adobe Acrobat. Complete the form then save the document and submit to your school's counseling office or email to chris.thomas@nebo.edu.
