CTE MONTH

Throughout the month of February students are encouraged to research future career options as part of CTE Month. Teachers can help by encouraging students to view a variety of careers and submit answers to the questions to Ms. Turnbow in C-100. We had to be creative this year with how to do our career fair and I appreciate Alex Robinson working with me to provide us with some up-to-date awesome interviews from 'The How'.

All students who participate in viewing at least 3 different career videos and answer the following questions will jumpstart their lives by earning \$100 grand! (full-sized candy bar)

- 1 - What are 3 Steps to follow in order to pursue this career?
- 2 - What is the best advice given by the professional?
- 3 - How does the professional's personality match compared to your personality?

For those students who go above and beyond there is more.

If students answer the 3 questions AND find all the hidden "Easter Eggs" they will be entered in a drawing for cash prizes! Our FBLA club and Mr. Robinson are giving this out to one lucky winner. Send students to room C-104 if they are looking for Mr. Robinson.

All the information can be found on our CTE website!
