The following is a summary of the discussion at the Salem Hills High School Community Council Meeting.

Conducted: Joleen Merservy

Thought: Joleen Merservy

Comprehensive Guidance (Andy Gull)

Regents deadline February 1st. Class changes were free up until January 8. No Class changes Jan. 11-15. Students will be charged 10 dollars to make class changes starting Jan. 19. Talked about the difficulties of class changes with the new Student Information System. Talked about the movement of students that go to online only.

School Items (Bart Peery)

School is going to host a Zoominar. Dr. Greg Hudnal from the Hope4Utah program is going to talk to the Parents and Community about Suicide Prevention. Dr. Hudnal was impressed by how much the school is already doing to improve mental health at the school level but would like to see more community level.

Students were given the option to take a PHQ9 questionnaire. We identified several students that are struggling and were able to contact parents/guardians to let them know of the different resources out there.

School Improvement Plan (Joleen Meservy)

Waiting for the data to talk about this at our Feb. 8th meeting.

Additional Items

Talked about testing for COVID and maybe being to have a Senior Dinner Dance. Student Council is coming up with ideas.
